Robert Bentley's Repair Manual for British Cars

Written in 1970, **Robert Bentley's Repair Manual for British Cars** is a classic in the field of British car repair and maintenance guides. Back in print after almost twenty-five years, this comprehensive reference book is extensively illustrated with detailed photographs, technical diagrams and charts. With fourteen chapters covering topics ranging from engine overhaul & reconditioning, curing universal joint failure and solving cooling system problems, this service manual is a crucial reference source of technical automotive repair information for pre-1970 British marque vehicles.
