### WARNING —

⚠ *Automotive service, repair, and modification is serious business. You must be alert, use common sense, and exercise good judgement to prevent personal injury.*

⚠ *Before beginning any work on your vehicle, thoroughly read all the Warnings and Cautions listed at the front of this book.*

⚠ *Always read a complete procedure before you begin the work. Pay special attention to any Warnings and Cautions, or any other information, that accompanies that procedure.*
